The Board will consider nominations for the appointment or election of Directors that may arise from time to time, having regard to the skills and experience required by the Company and procedures outlined in the Company's Constitution and the *Corporations Act 2001* (Cth) (**Corporations Act**).

The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election, as a Director. Candidates are assessed through interviews, meetings and background and reference checks (which may be conducted both by external consultants and by Directors) as appropriate.

The Company gives shareholders all material information in its possession relevant to the decision on whether or not to elect (or re-elect) a Director, either in the notice of the meeting at which the election of the Director is to be held, or by

The Company Secretary is also responsible for overseeing and coordinating disclosure of information to the ASX as well as communicating with the ASX.

### **Recommendation 1.5: Diversity**

The Company has not adopted a formal diversity policy and therefore, has not set measurable objectives for achieving gender diversity. The Board is of the view that the size of the Company and the scale and nature of its operations does not currently lend itself to an effective and meaningful application of such a policy. However, the Board intends to reconsider the adoption of a formal diversity policy periodically.

The table below sets out the respective proportions of men and women on the Board, in senior executive positions and across the organisation as a whole.

	<b>Number</b>	<b>Percentage</b>

### **Recommendations 1.6 and 1.7: Performance Review and Evaluation**

The Board reviews and evaluates the performance of the Board and the Board committees. The process is to involve the assessment of all of the Board's key areas of responsibility. The Board's contribution as a whole is reviewed and areas where improvement can be made are noted. The performance evaluation process is as follows:

- (a) each Director will periodically, and generally at least once every reporting period, evaluate the effectiveness of the Board, its committees and key executives and submit observations to the Chairman;
- (b) the Chairman of the Board will make a presentation incorporating his assessment of such observations to enable the Board to assess, and if necessary, take action;
- (c) the Board will agree on development and actions required to improve performance;
- (d) given the small size of the Company and the scale and nature of its current level of operations, the Board has considered and believes that the current mix of skills and diversity as outlined in the Directors' Report is adequate. The Board will continue to monitor the mix of skills and diversity it is looking to achieve periodically;
- (e) outcomes and actions will be minuted; and
- (f) the Chairman will assess during the year the progress of the actions to be achieved.

This process aims to ensure that individual Directors and the Board as a whole contribute effectively in achieving the duties and responsibilities of the Board. The performance review of the Board, individual Directors and key executives has taken place during this reporting period in accordance with the process set out above.

## **2. Structure the Board to Be Effective and Add Value**

### ***Recommendation 2.1: Nomination Committee***

Due to the small size of the Board and the Company's current level of operations, the Company does not have a separate nomination committee.

### ***Recommendation 2.2: Skills, Knowledge and Experience***

Directors are appointed based on the specific business, corporate and governance skills and experience required by the Company. The Board recognises the need for Directors to have a relevant blend of skills and personal experience in a range of disciplines required for the proper management and oversight of the Company's operations, having regard to the scale and nature of its activities.

The Board seeks to ensure that its membership includes an appropriate mix of Directors with experience in the mining and resources sector, general management, accounting and finance and corporate affairs. Details of the Directors, including the length of service of each Director, are set out in the Company's Annual Report.

### ***Recommendation 2.5: Independent Chairman***

The Chairman, Mr Michael Trumbull, is an Executive Director, and is not deemed to be independent. Since December 2007, it was resolved by the Directors that Mr Michael Trumbull be appointed Chairman having regard to his extensive mining industry experience as both an executive and director of ASX listed companies, the current size of the Board and the Company's current level of operations. Mr Trumbull was a Non-Executive Chairman until 13 September 2013, when he was engaged as Executive Chairman.

The Company has a Chief Executive Officer, Mr James Earle, who commenced with the Company on 8 August 2016.

### ***Recommendation 2.6: Induction of New Directors and Regular Review of Professional Development of Existing Directors***

The Company has a programme for inducting new Directors. This includes giving new Directors a full briefing about the nature of the business, current issues, the corporate strategy and the expectations of the Board concerning the performance of Directors and access to all employees to gain full background on the Company's operations. Directors are encouraged to attend training and professional development courses, as may be required to enable them to develop and maintain the skills and knowledge needed to effectively perform their roles as Directors, at the Company's expense (as approved by the Chairman and or the Board, as appropriate and applicable).

The Company's values are behaviours that guide the actions and decision-making of staff, and reflect the Company's brand and culture. These values include conducting its business activities lawfully and ethically. The Company is also committed to providing a safe working environment, protecting cultural heritage sites of spiritual significance, protecting the environment, and safeguarding public and employee health in all aspects of its operations.

The above values were endorsed by the Board and incorporated in the Company's Code of Conduct which is provided to each officer and employee of the Company upon the commencement of their engagement or employment with the Company. Management is responsible for instilling these values across the Company.

#### ***Recommendation 3.2: Code of Conduct***

The Board has established a Code of Conduct that provides a framework in which the Company and its representatives conduct their business and activities in a fiscally efficient and socially responsible manner whilst seeking to maximise shareholder returns.

The Code of Conduct outlines how the Company expects Directors, management and employees to behave and conduct business in a range of circumstances. All Board members are qualified professionals within their respective industries and accordingly conduct themselves in a professional and ethical manner in both their normal commercial activities and the discharge of their responsibilities as Directors.

The Code of Conduct adopted by the Company is available at the Company's website.

#### ***Recommendations 3.3 and 3.4: Whistleblower policy, Corporate Ethics and Anti-Bribery and Corruption Policy***

The Company has adopted a whistleblower policy that requires the Audit and Compliance Committee to be informed of any material incidents under that policy. The whistleblower policy adopted by the Company is available at the Company's website.

The Board has not adopted separate anti-bribery or corruption policies, however the Company's Code of Conduct, however, sets out the steps to encourage employees to report unlawful or unethical behaviour and the Company's commitment to ensuring that Board is informed of a material breach and the reported matter is dealt with promptly and fairly and that the person making the report is not disadvantaged and the person alleged of wrongdoing is given the opportunity to respond. The Code of Conduct also includes a requirement that the Company's officers and employees to conduct themselves to maintain high standards of ethical behaviour in all dealings and activities.

The Company intends to review and develop the Code of Conduct to include further matters suggested by ASX for the content of anti-bribery and corruption policies.

### **4. Safeguard Integrity in Corporate Reports**

#### ***Recommendation 4.1: The Board should establish an Audit Committee.***

The Board has established an Audit and Compliance Committee. The composition of this committee and its effectiveness is reviewed on a regular basis. The Audit and Compliance Committee comprises of Non-Executive Directors, Mr Alfonso Grillo and Mr William Colvin. Invitations to executives to attend meetings are extended where appropriate.

The Audit and Compliance Committee monitors and reviews the effectiveness of the Company's controls in the areas of operational and balance sheet risk and financial reporting.

Members of the management and the Company's external auditors attend meetings of the Audit and Compliance Committee by invitation. The Audit and Compliance Committee may also have access to financial and legal advisers in accordance with the Board's general policy.

Mr William Colvin is Chairman of the Audit and Compliance Committee and is an independent director. The Audit and Compliance Committee consists of a majority of independent directors. Due to there being only two non-executive Directors on the Board the committee consists of those Directors and only comprises two members.

The qualifications of the Audit and Compliance Committee members, Mr William Colvin and Mr Alfonso Grillo, are detailed in the Directors' report that is set out in the Annual Report.

The Audit and Compliance Committee operates under a charter approved by the Board. The Charter is available at the Company's website.

The Audit and Compliance Committee met two times throughout the year, with all members present at all meetings.

***Recommendation 4.2: Approval of Financial Statements***

Mr James Earle, as the Company's Chief Executive Officer, and Mr Michael Trumbull as the Company's Executive Chairman during the year ended 30 June 2022, have declared to the Board that in their opinion, the financial records of the Company have been properly maintained, that the financial statements comply with the Australian Accounting Standards and give a true and fair view of the financial position and performance of the Company. The declaration also confirms that their opinion has been formed on the basis of a sound system of risk management and internal control.

Mr Michael Trumbull has also declared to the Board that the Company's risk management, internal compliance and control system is operating efficiently and effectively in all material respects.

***Recommendation 4.3: Verification process for periodic corporate report***

Before the financial statements for the half-year and full-year are approved, the Board receives a statement from the company's Chief Executive Officer consistent with the requirements of the Corporations Act. The Company has also appointed William Buck as its external Auditor, who reviews the above statements and provides an opinion on whether the Company's financial report gives a true and fair view of the Company's financial position and financial performance, and whether it complies with Australian Accounting Standards and the Corporations Regulations 2001.

The Company's external Auditor attends the Company's AGMs and is available to answer shareholder questions about the conduct of the audit and the preparation and content of the Auditor's Report.

As to periodic corporate reports which are not subject to audit or review by an external auditor, the Company has not established a Disclosure Committee. However, due to the small size of the Board, all Directors and Company Secretary are generally given opportunity to comment on and approve an announcement before it is published.

**5. Make Timely and Balanced Disclosure**

***Recommendation 5.1: Continuous Disclosure Policy.***

The Board and senior management are aware of the continuous disclosure requirements of the ASX and have written policies and procedures in place, including a 'Continuous Disclosure and Compliance Policy' to disclose any information concerning the Company that a reasonable person would expect to have a material effect on the price of the Company's securities.

The Directors and senior management of Nagambie Resources acknowledge that they each have an obligation to immediately identify and immediately disclose information that may be regarded as material to the price or value of the Company's securities.

The Executive Chairman is authorised to make statements and representations on the Company's behalf. Management of Nagambie Resources may consult Nagambie Resources' external professional advisers and the ASX in relation to whether a trading halt or suspension is required.

The written policies and procedures in relation to the Company's continuous disclosure requirements with the ASX is available at the Company's website.

***Recommendation 5.2: Board's visibility of information disclosed***

Material market announcements are approved by the Board at regular board meetings scheduled to coincide with ASX filing timetable requirements. Other material market announcements are generally circulated to the Board via e-mail ahead of their release for review and comment.

### ***Recommendation 5.3: Release of investor or analyst presentations***

Presentations and transcripts of the Chairman's address at annual general meetings will be released on the ASX Market Announcements Platform before the start of the meetings. Other presentations to new or substantive shareholders or investor analysts are released on the ASX Market Announcements Platform prior to the relevant presentation.

## **6. Respect the Rights of Security Holders**

### ***Recommendation 6.1: Communication to Shareholders and Investors via the Company's website***

A description of the arrangements the Company has to promote communications with shareholders is detailed in the Code of Conduct available at the Company's website.

### ***Recommendation 6.2: Investor Relations Program***

Traditionally, the key forum for two-way communication between the Company and its shareholders is its AGM. The Board encourages shareholder participation at the Company's AGM and other general meetings of shareholders and the Chairman encourages questions and comments from shareholders and seeks to ensure that shareholders are given ample opportunity to participate. Shareholders who are unable to attend the AGM or a general meeting may submit questions and comments before the meeting to the Company and/or to the Auditor (in the case of the AGM).

In accordance with the amendments to the Corporations Act under the *Treasury Laws Amendment (2021 Measures No. 1) 2021* the Company will utilise available methods of facilitating virtual attendance by shareholders at the Annual General Meeting. Further details regarding the nature of the Annual General Meeting and how shareholders may ask questions about agenda items will be contained in the notice of meeting. ## **7. Recognise and Manage Risk**

### ***Recommendation 7.1: Risk Committee.***

The Board has procedures in place to recognise and manage risk in accordance with Recommendation 7.1. Monthly reporting of financial performance is in place as are policies to manage credit, foreign exchange and other business risks.

The Company is committed to the proper identification and management of risk. Nagambie Resources regularly conducts technical meetings that are attended by Mr Michael Trumbull, CEO Mr James Earle and consulting geologists. Nagambie Resources also regularly undertakes reviews of its risk management procedures which include implementation of a system of internal sign-offs to ensure not only that Nagambie Resources complies with its legal obligations, but that the

Board and ultimately shareholders can take comfort that an appropriate system of checks and balances is in place regarding those areas of the business which present financial or operating risks.

The Audit and Compliance Committee meets regularly to ensure, amongst other things, that the risk management, internal control structures and compliance with laws and regulations are operating effectively. Details of the composition and charter of the Audit and Compliance Committee are set out in section 4 above.

The Code of Conduct sets out the Company's commitment to maintaining the highest level of integrity and ethical standards in all business practices which is available at the Company's website.

#### ***Recommendation 7.2: Risk Management Framework***

The Company's management is responsible for providing leadership and direction, for establishing a context which fosters a risk management culture and for ensuring business, financial and risk management approaches are integrated during the planning, implementation and reporting of major ventures at all levels within the organisation.

At the Company's board meetings and technical meetings, the Company regularly undertakes reviews of its risk management procedures, which include implementation of a system of internal approvals to ensure not only that it complies with its legal obligations, but that the Board and shareholders can take comfort that an appropriate system of checks and balances is in place in those areas of the business that present financial or operating risks. As part of this risk management process, the Company's management has reported to the Board in relation to its management of the Company's material business risks.

#### ***Recommendation 7.3: Internal Audit Function***

The Company does not have an independent internal audit function. Due to the nature and size of the Company's operations, the expense of an independent internal auditor is not considered to be appropriate.

The Board performs all key elements of an internal audit function, including:

- (a) evaluating, seeking and obtaining reasonable assurance that risk management, control, and governance systems are functioning as intended and will enable the Company's objectives and goals to be met;
- (b) evaluating information security and associated risk exposures;
- (c) evaluating regulatory compliance programmes with consultation from external legal counsel; and
- (d) evaluating the Company's preparedness in case of business interruption.

#### ***Recommendation 7.4: Exposure to Environmental or Social Risks***

The Company regularly undertakes reviews of risks that may be material to its business. The review examines the processes and procedures that are in place to continually manage existing risks and identifies new risks that have or may arise including the processes and procedures that the Company must initiate to control and/or mitigate these risks from impacting upon the performance of the Company. Such reviews were undertaken during the reporting period.

The Company recognises, in particular, the environmental and social sustainability risks to which it may be exposed. The Company considers environmental risk to be the ability to continue its undertakings without compromising the health of the ecosystems in which it operates. The Company views social sustainability as the ability to continue operations in a manner that is acceptable to social norms. The Board intends to manage all environmental risks in accordance with the Company's Risk Management Policy (which forms part of the Company's Code of Conduct) and Environmental Policy, and all social risks in accordance with the Company's Risk Management Policy and its Community Engagement Plan, where such risks are identified. The Board does not consider that the Company currently has any material exposure to environmental or social sustainability risk.

### **8. Remunerate Fairly and Responsibly**

#### ***Recommendation 8.1: Remuneration Committee***

Due to the small size of the Board and the Company's current level of operations, the Company has not established a Remuneration Committee as a subcommittee of the Board. The Board is responsible for determining and reviewing the remuneration of the Directors, the Executive Chairman and the executive officers of the Company and reviewing the operation of the Company's Employee Option Plan. This process requires consideration of the levels and form of remuneration appropriate to securing, motivating and retaining executives with the skills to manage the Company's operations. In making decisions regarding the appointment of Directors, the Board as a whole periodically assesses that an appropriate mix of skills and experience is represented on the Board.

It is the Company's objective to provide maximum shareholder benefit from the retention of high quality Board members having regard to the Company's level of operations and financial resources. Directors are remunerated with reference to

market rates for comparable positions. Remuneration policies for each Non-Executive Director are disclosed in the Directors' Report that is set out in the Annual Report.

The Board may obtain information from, and consult with management and external advisers, as it considers appropriate.

***Recommendation 8.2: Remuneration of Executive and Non-Executive Directors***

The remuneration structure of Non-Executive Directors and executives is disclosed in the Directors' Report within the Annual Report. The remuneration of executives is dependent on the terms of the service agreement with those executives. The remuneration structure of Non-Executive Directors and executives is clearly distinguishable.

***Recommendation 8.3: Equity Based Remuneration***

The Company has an employee share option plan which was adopted prior to the Company's listing in 2006. No securities were issued under the plan during the reporting period. The Company does not have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme.

The Corporations Act prohibits the key management personnel of an ASX-listed company established in Australia, or a closely related party of such personnel, from entering into an arrangement that would have the effect of limiting their exposure to risk relating to an element of their remuneration that either has not vested or has vested but remains subject to a holding lock.
